Using the remote control

Setting up the TV set for the first time

To obtain a copy of your Operating Instructions, please go to: www.umc-uk.co.uk/instruction-manuals/blaupunkt

1 Fitting the stand

TV panel must be facing downwards. For the stand installation, there is one type of screw provided as shown below. To complete the stand installation you will require a cross head screw driver. Place the TV set on a flat and clean surface with the panel facing downwards to avoid damage.

4 x Used for attaching the stand neck to the TV (fig.1 to 3)

2 Installing batteries

Remove the battery cover from the rear of the remote control and insert the AAA batteries which are supplied in the accessory pack. Ensure that the polarity of the batteries is as shown in the battery compartment. Replace the battery cover. The remote control is ready for use.

3 Connecting your set

- 1 Connect the TV to your power socket.
- 2 If you wish to use the TV to receive Freeview/Saorview channels, connect the RF input from the TV to your outdoor Digital TV Aerial. If you do not wish to receive Freeview/Saorview, skip this step.

4 TV Control Stick

The TV control stick is located on the back of the TV. The control stick can be used to control many of the TV functions. The shape of the TV's control stick may vary by model.

While TV is in standby mode:

- Press the centre of the control stick once - Power on the TV set.

While watching TV:

- RIGHT/LEFT – volume up/volume down.
- UP/DOWN – changes channel up/down.
- Press the centre of the control stick once – displays the menu.
- Press and hold the centre of the control stick – Standby/Power Off.

Other functions are described in the manual.

Wall Mounting the TV

Image for illustration only.

1. Remove the four screws that are supplied in the wall mounting holes.
2. The wall mount can now be easily attached to the mounting holes on the rear of the TV.
3. Install the wall mounting bracket to the television as advised by the bracket manufacturer.

The picture shows the use of spacers, which are not applicable to all sets/installations.

Sky remote code

If you wish to use your Sky remote to operate the TV's basic functions, you will need a Sky remote control (Revision 9 or later) and you will need to program it with the code 2134.

If you wish to use your Sky Q remote to operate the TV's basic functions, you will need to program it with the code 4170.

First Time Installation

When you first turn on the set, you will be welcomed by the First Time Installation screen as shown above. Once you have decided the options as described below, select Auto Tuning and press OK.

Language: Select your preferred on-screen display language. This will change the language in which the menus and associated information is displayed in.

Country: Select the correct country in which the set will be used in. This will enable the TV to correctly install the functions applicable in the country of use.

Environment: Use this option to select either Home or Store mode.

Home Mode is a power saving mode which reduces the energy used by up to 25% (by reducing the power to the LED/LCD panel). When in STORE MODE the picture will be brighter and you can personalise the settings within the picture settings menu (Contrast, Brightness, Colour etc).

Note: In Home Mode, the TV will switch itself to the standby mode after 4 hours in the event that the buttons on the remote control or TV are not used.

Connections

A Earphones	Earphone input	H HDMI 3	HDMI input
B LAN*	Network connection	I USB x 2	USB port
C Digital audio	Digital optical audio output	J AV in	Audio/Video input
D SCART	SCART input	K YPbPr	HD input (Ypbpr)
E HDMI 1 (ARC)	HDMI input	L CI card in	Common interface module
F HDMI 2	HDMI input		
G RF in	RF / TV aerial input		

* The LAN/Ethernet port is used for Digital TV services.

USB Record

- 1 This television contains one tuner, therefore it can only record the channel you are watching or record one channel while the television is in standby mode.
- 2 Note: USB record function is only available in Digital/Freeview TV mode. Due to copyright laws and illegal copying/recording it is not possible to record to/from any other input/source.
- 3 If you wish to use a USB portable hard drive larger than 32GB, please refer to the FAQ section at the rear of the manual (available online).

Retuning your TV

Important information - Retuning the TV - Please keep this information to hand. To ensure you are receiving the very latest channels on your Television, we suggest that you retune the set on a monthly basis. This is because channels can be added and/or moved by the broadcaster.

To retune using the buttons on the remote control:-
Press Menu, then press the number 8 (4 times) so Menu > 8, 8, 8, 8.
You will enter the first time installation mode. Follow the onscreen prompts to retune your set.

Thank you

Thank you for purchasing this television.

We hope you have many years of trouble free enjoyment from your purchase.

Your product is covered under the manufacturers guarantee for 12 months from the date of purchase.

If you experience any difficulties with your TV, please refer to the 'Frequently asked questions' in the manual.

Please make a note of your TV model, the serial number and the date of purchase. You will need this information should you need to call the helpline.
